Ship Company RSCSC Warrior will arrive in the Drill Hall of HMCS Nomah at 7:30 tonight. Rio of the day: Black hats, blue jerseys and insignia. Officer of the day: Sub-Lt. One Duty Division, Devon Band will parade in the school.

## Fines and Suspensions Penalize City Drivers

Two Edmonton drivers were fined \$50 and prohibited from driving for six months when convicted in police court today of dangerous driving.

A third man was fined \$30 for a similar offence.

Freel Kruok, 1242 95 street, and Peter Korzeniowski, North Edmonton, received the heavy penalties. Kruok was arrested Saturday night after the car he was driving had knocked over a parking meter and backed into another automobile.

**WRONG SIDE**  
Constable W. E. Leslie told court Korzeniowski had been driving on the wrong side of 124 avenue on Saturday night when he crashed a car coming from the opposite direction near 76 street.

**SAFETY MASK** worn by farmers when treating seed with toxic mercurial dusts may also be a thing of the past. Swedish chemical firm president Petrus Hellman, Stockholm, believes a new liquid chemical can provide more effective treatment for same coat without hazard. Here he examines barley kernels treated for anant prevention.

**KING-SIZE SPIKE** being held by Orvis Kennedy, Social Credit candidate for Athabasca federal constituency is being driven by Solon E. Low, Social national leader and candidate for Peace River to represent a further step in construction of the party's election platform, being drafted at a pre-election conference here today. (See story page Nine.)

## Over 200 Doctors Here For Four-Day Meeting

### IMPULSIVE ASSAULT NETS TRIO FINES

Three young men had no explanation to offer city court today when asked the reason for their sudden assault on three other young men.

But Walter Berard, sub-post office 23, West Edmonton, Alfred Bréland, Villeneuve and Emil Rennie, St. Albert, all pleaded guilty to striking Philip Sevigny, Marcel Elhier and Norman Lee.

The fracas occurred last night near a city hotel.

There were previous convictions for similar offences against all three.

They now have a \$20 fine to pay.

## New Grain Treatment Being Discussed Here

Pink kernels of grain may represent the answer to the farm problem of controlling smut and other seed-borne grain diseases.

Years of research by a German refugee chemist, Adolf Zade, will put a new type of seed grain treatment, "Panogen," within reach of Alberta farmers within another year.

In Edmonton today to discuss its possibilities with department of agriculture officials and plant pathologists is Petrus Hellman, president of the Casson Company Ltd. of Stockholm, Sweden, which manufactures "Panogen."

With him he carries samples of seed grains both untreated and treated with the new liquid chemical. Treated grains are faintly pink in color.

**NO VALUE**  
"The pink dye is really just a little tricking—it has no disinfectant value," Mr. Hellman explained, "but, mixed into the new chemical, it does serve to show very easily which grains have been treated."

"Actually the chemical is a mercury compound, a form of mercurial dust that now used in Canada as an effective seed grain treatment."

"The chemical has been tested by Dominion experimental farms and plant pathologists in Canada, and by next spring will be available commercially in Alberta."

**SMALL AMOUNT**  
Three-quarters of one and a half ounces of the liquid—slightly more than a teaspoon—will be sufficient to treat a bushel of grain against smut and other seed-borne diseases.

The chemical has been tested by Dominion experimental farms and plant pathologists in Canada, and by next spring will be available commercially in Alberta.

"We hope that use of the new chemical will encourage more Alberta farmers to use of grain treatments," Mr. Hellman said.

The method will prove just as economical as the use of mercurial dusts and it will have the added advantage of being easier and safer to use.

No wonder drug cures for cancer are known or may be expected soon, according to Dr. Charles F. Branch of Chicago, assistant director of the American College of Surgeons which opened a four-day special meeting in Edmonton this morning.

Before noon 238 doctors from the United States and Canada had registered for the program for the medical profession, which takes place today and tomorrow.

The special program for the hospital conference will be presented on Thursday and Friday.

"In this day and age there is no necessity for anyone to die of cancer of the skin or cervix," stated Dr. Branch in emphasizing that early detection and treatment of cancer was still of primary importance.

**ONLY CANCER**  
Dr. Branch, who is an authority on the pathology of cancer and was professor of pathology at Boston University for 25 years, said that X-ray, radiation and surgery still remained the only known cures.

In spite of recent temporary success with hormones, infusions and strapping cases, they only alleviated pain, did not cure, and tended to bring up bodily resistance.

Yet, using them as guide posts, the biochemists might find cures for different types of cancer. For instance, indicated it would not be a specific, but a different cure for different types.

Among three approved methods of curing cancer, Dr. Branch stated that the most promising was produced by Lester Druggall of Chicago.

While the University of Alberta has indicated that it will be used for instruction of medical students and while the method has been tested for five years with satisfactory clearing up of people's ailments, not all of the medical profession has fully accepted it.

Two Edmonton doctors presided, Walter C. MacKenzie, for the morning sessions, and J. O. Baker for the noon luncheon.

**Peterson Funeral Tomorrow At 3 P.M.**  
Funeral services for Peter Peterson of 11933 91 street will be held at 3 p.m. tomorrow at the Peterson funeral home.

Services are to be conducted by Rev. T. W. Mackenzie and burial will be in the Field of Honor at Edmonton cemetery.

Mr. Peterson, who died on his way to hospital early Monday morning, is survived by his mother, Mrs. Josephine Peterson of Edmonton, three sons, H. H. Peterson, Marjorie, Marjorie, Mrs. Bruce Matthews and three brothers, Alex and Carl, all of Edmonton and Oscar of Lee Park.

**Beekeepers Plan Big Field Day**  
Edmonton Beekeepers' Association will hold a field day at Oliver on Sunday.

Demonstrations of installing bees in hives and examining working hives will be given.

Beekeepers will meet in front of the Y.W.C.A. at 1 p.m., weather permitting.

## Gov't Policy Not Set on Gas Export

### No Comment Forthcoming On Remarks of St. Laurent

The ball was passed to the Alberta government on the question of control of gas exports from the province by Prime Minister Louis St. Laurent yesterday.

But the Alberta government is not yet ready to say what it will do with it, according to Attorney-General Lucien Maynard today.

First move was made during this year's session of the Alberta legislature when Premier Ernest Manning expressed doubt on the constitutional right of the province to approve or disapprove of the export of gas, since it interfered with inter-provincial trade.

Yesterday the federal prime minister told Edmonton newsmen the decision on gas export was exclusively one for the province.

That is where the question rests at the moment, but both Mr. Manning and Mr. Maynard have issued frequent assurances during and since the session that a statement was in course of preparation setting forth the provincial government's official attitude.

A survey of the gas reserve contained in the oil sand section disclosed the provincial gas reserves were estimated by experts in tens of cubic feet, but no recommendation was made by the commission on the question of gas.

Carvel Carter to Oshawa will be gravely by the Sullivan construction Co. for \$11,180. This is a 12-mile piece of road.

Contract for \$10,250 went to the Muller and Board construction Co. of Calgary for graveling of 7 miles from Bentley to Buffalo.

## RAF AIRMAN LOOKS FOR OLD FRIENDS

A former RAF man who was stationed at the Penfold Service Flying Training School during the war is seeking in Edmonton family who befriended him while he was in Alberta.

R. H. Page, 29 Hainworth St., Preston, Lancashire, England, has written The Bulletin asking information about a South Saskatchewan family with whom he spent several weeks-end while he was stationed in Alberta.

"I would be very grateful if you could, through your newspaper, help me renew my acquaintance with the Vaughans who treated me as a son," his letter says.

## Gaults Win Building Site

Gaults Alberta Ltd. will erect a two-story building costing approximately \$100,000 on three lots on 107 street south of 104 avenue.

Last night city council authorized sale of this property to the company, the purchase price being \$100,000.

Dan Kennedy, Winnipeg, executive officer of the company, told aldermen that his company was prepared to erect a two-story structure immediately, and that he would be contracted to erect additional stories to be erected when business expansion warranted.

## Johnstone Walker's Daily Store News

EDMONTON'S OWN STORE

• Panties, sizes 36 to 42. Price **1.25**

• Panties, sizes 42 and 44. Price **1.40**

**JOHNSTONE WALKER LIMITED**

## St. Paul Seeks 12-Room School

ST. PAUL, April 12.—Inadequate school facilities at the present time is one of the main reasons why the board of trustees of St. Paul school district No. 2228 seeks permission to erect a twelve room school in St. Paul, according to Charles Gauvreau, chairman of the board.

If given permission by the property owners of this school site, the new building will be of frame and stucco construction at a cost of \$100,000. At the present time the Knights of Columbus is being used for classes as well as one class in an old building at the rear of the convent and one room in the basement of the present school.

If the election grant permission to the board to borrow the sum of \$100,000 by debentures, present plans are for the completion of the new structure by September 1 of this year. Mr. Gauvreau stated that the two frame schools which are at present being used for regular class rooms would then be available for home economics for girls and shop work for boys.

According to regulations of the department of education, a class is not usually allowed in the basement of a school, but was only obtained this year by special permission. Thus three additional rooms are needed at the present time and it is estimated by members of the board that six additional rooms will be necessary next year.

There are 520 pupils enrolled at present.

## Fire Prevention Films Are Shown

WILLINGDON, April 12.—Men, women and children as well as the entire fire brigade and the village council turned out Wednesday evening to view the fire prevention films shown by Deputy Fire Commissioner Bridges and Inspector Bedard in Willingdon Hall.

Following the showing of the films by the fire department and village council were advised on modern methods of fighting fires, and received recommendations on improving the fire protection in Willingdon.

Plans are being made to get a pipe line installed down Main street in order to shorten the hose lines required when fighting fires in the suburbs of the village.

## Pool To Build At Sylvan Lake

SILVAN LAKE, April 12.—Possibly the largest building enterprise for 1949 will be the erection here of a 60,000 bushel elevator to handle Alberta Wheat Pool property immediately east of their present buildings. Elmer Anderson is local agent for the Pool.

## Wetaskiwin Golfers Plan Early Start

Wetaskiwin Golf Club held its first meeting of the year on Friday evening and discussed plans for the official opening. With the favorable weather of the past few weeks the course is already in good shape, according to a number of enthusiasts who have already been putting in some practice.

The club is looking for a big season and with the improvements made to the club house last year, now needing only a little more paint, it is anticipated that it will be an active Ladies Club in full swing before long.

Officers will be elected at a meeting to be held in the club house in the course of the next two weeks. In the meantime dues were set for the current season: \$12 for full, \$6 for beginners, \$4 for juniors and \$5 for ladies. The only change made was that a man and lady may join for a joint fee of \$13.

The club will stage a dance in the near future and a feature will be the presentation of a "Caddy Queen Card," complete with 10 matched clubs to a lucky ticket holder.

Purchase of a small tractor to keep the grounds in shape was also discussed.

## Esther Farmers Delay Seeding

ESTHER, April 12.—Spring operations have commenced in full swing and Esther farmers are out on the land raising dust with the tractor and the does to stir up the soil in order to promote the growth of weeds.

A few farmers have ahead spring work, but the seeding of wheat, oats and medium beans. Since 5 to 6 days until conditions are more favorable. Summerland lands have dried considerably but it is still difficult to work on stubble fields as the stubble held more snow.

The soil moisture here is from fair to poor, but old times

## PRINCIPAL DOESN'T FALL FOR 'HOLIDAY'

WETASKIWIN, April 12.—Wetaskiwin high school students, 40 of them, played hockey from school on the day Newfoundland became a province of Canada. The students, equally divided between boys and girls and spread through the three grades, thought they should have a holiday and as none was forthcoming, they took it. They had a good time for the day and hitch hiked far and wide over the country, but none overtook them next day when they appeared in school again.

High School Principal O. Masing didn't look kindly on the idea of students being a law unto themselves. The result was that all the absentees have been putting in an hour every day since to make up for the lost time. The fly in the ointment from the teachers point of view is that a teacher also has to stay—and didn't have the day off either.

real that this spring was very much as back and the pastures were dry, but later turned out to be a good crop year. Geese and ducks low level.

## Guild Is Active At Canyon Creek

CANYON CREEK, April 12.—St. Martin's Guild of Canyon Creek usually holds its meetings every fourth Tuesday of the month in the Church house, but during the winter meetings were held at the home of Mrs. Rose Montgomerie.

Main object of the guild is to help the poor and needy, and to have a social hour, and a drive was made for second hand clothing, which when reconducted, will be passed on to any needy family in the community.

## Bellis Branch Sends Secretary

BELLIS, April 12.—Mrs. Nick Fackel is the Bellevue delegate attending the meeting of the Alberta Federation of the Home and School Association at Oids. Mrs. Fackel is secretary of the local home and school association.

## Some Relief Promised La Biche Ratepayers

LAC LA BICHE, April 12.—Meeting of the ministers of municipal affairs and education and their deputies and representatives of various bodies of the village held Saturday, failed to completely dispel the grievances in connection with the local school tax situation.

## COYOTES STILL TOO NUMEROUS

ESTHER, April 12.—Although coyote hunters have been active this winter the results have been more numerous than ever. One rancher west of Esther reported that he discovered a cow with a newborn calf fighting off several coyotes which were attempting to kill the calf. The cow was about played out when the rancher arrived.

## Two Ministers Attend

Attending the meeting from Edmonton were Hon. C. E. Garbar, minister of municipal affairs, Hon. J. A. Casey, minister of education, J. W. Judge, deputy minister of municipal affairs and Dr. W. H. Swift, deputy minister of education. Mr. Lohay, M.L.A. for Lac La Biche, also was present, as were the mayor and councillors of the village, trustees from local schools and a delegation from the taxpayers Association.

The meeting was held from 4:30 to 6:30 p.m. and the second from 7:30 to 10:30 p.m. Many figures and statistics were presented in an attempt to convince the people of Lac La Biche that the school tax was more than any other town and village.

## TAXPAYERS UNCONVINCED

Nevertheless, the fact still remains that of the 340 children attending school in Lac La Biche, only 140 are from the village, the balance of 200 being from outside the limits. Taxpayers from the village are asked to pay in the neighborhood of \$12,000 in taxes, while those outside pay only \$1,000. Village ratepayers claim that despite all the fancy figures that are used to make out.

Heads of various bodies were upbraided for having no plan to even threaten to withhold payment of taxes. It was the feeling here the people had tried everything else.

There had been growing dissatisfaction for some years over the tax situation and a tax strike had been threatened. Ratepayers were promised the minister would visit Lac La Biche after promulgation of the act of the legislature, promise action in carrying out the promise is appreciated.

## Work Starts On New School At Lacombe

LACOMBE, April 12.—Work on the construction of Lacombe's new \$27,000 composite high school commenced just before noon April 4.

There was no official ceremony preceding the event, but the turning of the first sod must have been a moment of great satisfaction to the members of the school board who have labored for many months past to get the job underway.

It is hoped to have the building ready for occupation next January. Bennett and White of Edmonton are general contractors and several local firms have secured sub-contracts.

The black earth taken from the excavation is being used to fill in the black loess which is the cause of the old school to provide building sites for residences.

## Special Services At Sylvan Lake

SILVAN LAKE, April 12.—At special communion service in Memorial Presbyterian church conducted by Rev. Jan Mikkelsen, five applicants were received into the church membership. Memorial Church will observe Easter by special services on Good Friday and Easter Sunday.

Mr. and Mrs. Herbert Dringell have been today for a winter visit at their former home in East Grimsby, England. They sail from Halifax. Their daughter, Mrs. Harry Brink accompanied them as far as Edmonton.

## KIDNEY ACIDS Rob your Rest..

Many people suffer from a good night's rest. They turn on their back and find it impossible to sleep. Headache, kidney pain, backache, and other symptoms are the result of kidney acids. It is important that you get relief from these symptoms. The only way to get relief is to take Dodd's Kidney Pills. They will rob your rest of kidney acids and give you a good night's sleep.

## Dodd's Kidney Pills

FAITH is a family affair!

FAITH is not just for holy days. Faith is for every day... at work, at play, in the quiet times the family has together.

We need faith—and never so desperately as today. The world is filled with voices of confusion. It is easy to feel helpless and alone. But faith is a power outside ourselves can be a bedrock of family unity, a shield for family happiness.

## FAITH is a family affair!

Children naturally turn to faith when it is a daily part of the family life. And when they know the real meaning of faith, they will be tolerant of those who express their faith in other ways.

The home atmosphere is far different when a family stops trying to walk alone, when it uses the plan in the higher scheme of things. It works to enter for the things it can control—and trusts its God for guidance in problems beyond its control. Such a family can't help feeling closer together, more sure of itself, happier!

To keep alive the family's faith calls for a positive plan—just as you plan for your family's material welfare. How your family expresses its faith is a matter of choice. What is important to you is that you do express it.

## WHO SAID GUS KYLE WOULD MANAGE CUBS?

For several weeks now local baseball followers have been led to believe that Gus Kyle, reputed hard-hitting Regina catcher, was going to manage Frank Wolfe's Cub entry in the Big Four league.

Not that sponsor Wolfe nor anyone else tied in with Cub inner councils was responsible for the belief. It was just taken for granted that if Kyle spent the summer in Cub livery he would double in brass as manager.

Yesterday, however, it was learned that while Kyle is almost certain to join Cubs as a catcher he will not manage the team.

To quote someone close to the Cub picture: "There never was any intention of having Kyle to manage our team."

In which case if Gus, the Great isn't in line to run the squad, who is? Identity of the Cub leader should be disclosed within a few days, assuming one has been secured.

## Eddie Arcaro Gunning For Fifth Derby Win

NEW YORK, April 12.—(BUP)—Banana-nosed Eddie Arcaro glorified today in the promise of his fifth Kentucky Derby victory, a most fruitful possibility as long as the mighty Olympia can keep pumping those piston legs in the fashion of his Experimental handicap triumphs.

### LEGION, RCAF IN PRACTICE SOCCER MATCH

Martin Collingwood's North Side Legion, again hailed as being the team to beat in the Edmonton and District Football (soccer) association's senior league, will take up with RCAF in an exhibition match slated to be run off on the Clarke Stadium turf tonight at 7 o'clock.

It will be the first competition for both teams. The RCAF crew is replacing the RCAF team of last season. The contest will be of two 30-minute halves.

Barney, a 15-game winner last year, figure is lead the staff.

Pirates will present two new faces in center-fielder Wally Judnick and Les Fleming at first, and a couple of old ones with new ideas in right-fielder Wally Westlake and catcher Ed Pilewinski.

Home-run king Ralph Kirk rounds out a hard-hitting outfield. And don't forget the agile, dependable Dixie Walker, who can still go out there and play as well as almost any outfielder in the league for a couple of weeks at a time.

The pitchers are the real Meats of the club. Rip Sewell is 4-1; Ernie Bonham 3-1; Hugh Casey 3-1; Kirby Hulse 2-1; Bob Munster 2-1; Elmer Riddle 2-1 and Murray Dickson, 1-1.

## Maxim-Lesnevich Go Ok'd by NBA

CINCINNATI, April 12.—(AP)—A 15-round bout between Canadian Joey Maxim and Gus Lesnevich of Clifton, N.J., for the "American" light-heavyweight championship, was approved yesterday by the Cincinnati boxing commission. The scrap is scheduled for May 25 at the Cincinnati Gardens.

The commission said it had been informed by Abe Greene of the United States Boxing Association that the NBA would recognize the bout as a United States championship affair.

Promoter Sam Becker told the commission he had offered Lesnevich a \$50,000 guarantee or the privilege of 50 per cent of the gate. Maxim has been offered a \$15,000 guarantee or 25 per cent of the gate, he said.

## Derby Hopefuls Take Back Seat

HAVRE DE GRACE, Md., April 12.—(AP)—Four Kentucky Derby eligibles had to take a back seat yesterday in a thrilling photo finish in the Chesapeake trial which the Plover won by a nose.

S. L. Crew's Commodore Lea did the best of the quartet in the "Plover" which just failed to catch the Plover in a great driving finish.

The three other Derby eligibles never figured in the race. The warm-up for Saturday's Chesapeake Stake here at 1-16 miles.

## Harbert Undergoes Appendectomy

AUGUSTA, Ga., April 12.—(AP)—Chick Harbert, one of the top professional skiers on the winter circuit, underwent an appendectomy yesterday.

University hospital said yesterday he is recovering after being a "very sick man."

Harbert was forced to withdraw from the Matsuo tournament after the third round Saturday.

## Louis Goes 'Home' For First Card

DOVER, N.J., April 12.—(BUP)—Joe Louis will come home to present his first fight card as a promoter April 27, a spokesman of the new International Boxing club said yesterday.

In arranging his first program Louis sacrificed a "one-sided bout" involving a name fighter for three hours headlining series known as "Louis at the Olympia Stadium."

Mendel Louis' press agent stated.

TOLEDO, O., April 12.—(AP)—Archie Moore, Toledo light-heavyweight contender, closed out his sixth consecutive knockout by a night by flogging Jimmy Blives of Cleveland at 2-14 of the eighth round in their scheduled 10-round boxing bout.

Juvenile Final

LATHBRIDGE, April 12.—(BUP)—Lethbridge Native Bobs and Winnipeg Monarchs will meet here Saturday in the first of a two-out-of-three game series for the western (Canada) juvenile bobs championship.

## City Bowling Team 'Eyes' Saskatoon Confidently

By Jim Algeo

We're not going along just for the ride" is the theme song of Edmonton trappers who will represent our town at the western Canada five pin bowling tournament in Saskatoon April 15-16.

Ernie Ford, Ben Hoffmeister, Marie Sangster, and others in the all-star roster, have taken dead aim at bringing back a couple of titles this time.

Following are "thumbball" sketches covering the team, which is composed of seven men and as many of the "weaker sex."

Ernie Ford—Author, one of the team, boasting a lofty season average of 237, highest of the contingent.

Ben Hoffmeister—Smooth delivery and good control are his main assets. . . . A keen competitor, he will take a 231 average to Saskatoon.

Jim Rutherford—President of the local 5-pin association, Rutherford rolled 'em at a 230 clip over the season. . . . He should be a tower of strength.

Harry Crockett—A new face in the western tourney is concerned. . . . A former local intermediate baseball star, Crockett made the team by virtue of a 249 average.

Vern Mohr—Another familiar figure, Mohr also is quite a gaffer, having won the city amateur title in 1948. . . . His is a 248 average.

Andy Aids—Making his debut in the "big show." . . . Beating a 246 score, Aids is capable of rolling a "big game" at any time.

Eddie Oberg—Last of the males, his is a 244 average. . . . Making his second appearance on the scene. . . . Christened the "Mighty Mite" at Winnipeg last season.

Marie Sangster—A consistent

maple-leader, Marie holds a remarkable average of 243 pins. It's her job to hold the ladies' team together.

Shirley Holland—Another new look! Miss Holland, in her third season of pin-bowling, did right well for herself during the regular campaign, rolling 'em at a 235 pace.

Glady Wilson—City ladies' singles queen, Glady is making her second appearance with the team. . . . Average A fifty 234.

Winnie Rutherford—Making her bid for fame. . . . An ardent bowler, she holds claim to a year's score of 229.

Alice Johnston—Blonde. . . . Has good style to go with that 227 average.

Mary Haining—Boasts an unofficial perfect 450 game, rolled in 1955. . . . A good one to have on a team.

## LOOK AT THE BIRDS

SANTA ROSA, Calif., April 12.—(AP)—George Buzini, pro at the Santa Rosa Golf club, shot eight consecutive birdies on the regulation nine hole course.

His total score was 28 on the par 35 layout.

Buzini's performance set a record of consecutive birdies on the local course.

Marquette (Aquin) Peacock—Three times member of the team, she has reason to be proud of her 223 average.

Winnie Rutherford—Making her bid for fame. . . . An ardent bowler, she holds claim to a year's score of 229.

Alice Johnston—Blonde. . . . Has good style to go with that 227 average.

Mary Haining—Boasts an unofficial perfect 450 game, rolled in 1955. . . . A good one to have on a team.

## Expert Sees Bums Copping NL Title

By Joe Reichler

NEW YORK, April 12.—(AP)—Burt Shotton's Brooklyn Dodgers are the writer's pick to win the National League pennant, but only after a terrific struggle with the improved Pittsburgh Pirates.

At least two other clubs—Boston and St. Louis—will have something to say as to which team will represent the senior circuit in the World Series. But the pendulum seems to be swinging toward the Dodgers because they have the youth, aggressiveness, speed, power, balance and reserve strength, he others lack.

The Pirates have more power, equal defense, and may even top Brooklyn's pitching, but the Bucs are slow and aged, and their bench is only mediocre.

On the other hand, the Dodgers are rich in reserves who can step in and give an excellent account of themselves.

BOSTON STANDS PAT

Boston's decision to stand pat is not calculated to do the defending champion Braves any good. The Cardinals have too many "ifs" to

make a serious fight of it. But any club with Stan Musial, Egan Slaughter, Marty Marion, and Harry Breen should finish in the first division.

Here's the way we see the probable order of finish:

1, Brooklyn; 2, Pittsburgh; 3, Boston; 4, St. Louis; 5, Philadelphia; 6, New York; 7, Chicago; 8, Cincinnati.

WEALTH OF MATERIAL

Shotton has a wealth of material at hand. Jackie Robinson at second, and Pee Wee Reese at short, are without peers at their respective positions.

Catching, handled by Roy Campanella and Bruce Edwards, is the great potentialities. Ralph Branca, 21-game winner in 1947, and Rex

Gibson.

FOR OVER FIFTY YEARS C.C.M. have been making and improving bicycles, for every kind of cycling, from essential transportation to racing.

This year—C.C.M. Bicycles are better than ever before—because amazing new improvements are embodied in the new C.C.M.'s for Spring.

The new "Tourist's" Men's and Ladies' models feature a 3-speed gearshift rear hub with brake. And a front hub combined with a built-in generator producing electricity for the head-light and tail-light.

Also, on the "Tourist" and other models, there are such outstanding new features as:

New Frame of top grade tubing, brazed by a new low-temperature method that makes for a stronger, lighter, livelier C.C.M. Bicycle.

New Frame Angles and Sizes that make for better riding position and more comfortable and easier pedalling.

Front Fork Design with a new taper, curve and caster that give improved steering and an extra-comfortable cushioned ride with noticeable lightness and strength.

Rear Stay Design embodying a new "brazed-up" assembly of strong light-weight material that imparts great strength with resiliency to the whole bicycle.

New Colors, new methods and new strength combine to make the 1949 models of C.C.M. Bicycles the best yet.

And remember there are 3,000 loyal C.C.M. dealers across Canada to give you check-up service and supply tires, accessories and parts.

These dealers have extensive stocks of the new all-Canadian-made C.C.M. Bicycles and are ready and anxious to show them to you. Be sure the bicycle you buy bears the C.C.M. trade mark and assure yourself of the best value for your dollar.

# Mr. Sun's Old Friend Of Whole Wide World

Dear Tawasi:

Just about the most important person in the whole world is old Mr. Sun, who has been here since the beginning of things on earth, and not one of us could get along without him.

## Birthday Greetings

The big smile and naturally curly hair belong to

Mr. Sun's old friend, Mr. Sun, who has been here since the beginning of things on earth, and not one of us could get along without him.

Mr. Sun's old friend, Mr. Sun, who has been here since the beginning of things on earth, and not one of us could get along without him.

Mr. Sun's old friend, Mr. Sun, who has been here since the beginning of things on earth, and not one of us could get along without him.

Mr. Sun's old friend, Mr. Sun, who has been here since the beginning of things on earth, and not one of us could get along without him.

# Additional Nails To Be Available

Extra 138,000 Kegs Will  
Come From U.S. Steel

OTTAWA, April 12.—(CP)—Steel Controller D. A. Jones said last night an extra 138,000 kegs of nails will be made available to the Canadian building trade this year through negotiations just completed with the United States government.

The extra kegs, expected to be made available beginning in May, will boost the annual nail production in Canada by about eight per cent.

It was expected to be a great help to the building trade which has been short of nails through the post-war period, Mr. Jones said.

Even though Canada has been running at its peak annual steel production—products about 3,200,000 ingot tons a year—she still could produce sufficient nails and other steel products to meet the country's demand.

Canada's nail production in 1948 amounted to 1,700,000 kegs.

OVER ORDINARY QUOTA  
The extra steel supply will be over and above the steel quota the Dominion gets from the U.S. and come in the form of nail wire and rod which will be turned over to the steel industry.

Mr. Jones noted that during the last few months, the steel situation in Canada was steadily improving and that the steel shortage almost ended, he claimed.

Mr. Jones said that during the last few months, the steel situation in Canada was steadily improving and that the steel shortage almost ended, he claimed.

## Crime Heavy In Toronto

TORONTO, April 12.—(CP)—At least 200 persons were arrested in Toronto during the week-end.

Police said the list of arrests was the longest in years.

One raid netted 54 Chinese on charges of keeping a gambling house or being found in. Two youths were arrested on a charge of raising a 15-year-old girl.

There were two attacks on women and scores of drunk charges. One downtown police station had 12 overnight guests.

LEFT UNCONSCIOUS  
The 15-year-old intoxicated girl was beaten, raped and left unconscious in an east-end lane. One other girl on her way home from a late show was attacked by a third who threw her to the sidewalk. Hysterics brought citizens to the aid of the girl and the assailant fled.

Michael Rivers, 19, and Dan Cormier, 17, yesterday were charged with the April 16 on charges of raping the 15-year-old girl.

Two men, Michael O'Toole, 22, formerly of Sydney, N.S., and Wallace Gilman, 32, received the minimum of one month when they pleaded guilty to giving beer and liquor to minors.

EVIDENCE OF STRUGGLE  
Police say the girl and two others went up to the older man's apartment and were given liquor. Later, Rivers and Cormier drove the girl home in their truck.

There was evidence of a fierce struggle, police said. The girls' skirts and faces were scratched and bruised. She was found unconscious in an east-end lane.

Police said the girl was found face covered with blood and her clothes torn.

SUMMER COMING  
FARMER CITY, Ill., April 12.—(AP)—Rural Cyle Snow and Adna Irene Swallow got a marriage license today.

BIG SMASH piled up 31 freight cars of an 85-car Soo Line train in Wheeling, Ill., after a derailment. No one was injured in the spectacular accident but traffic was tied up for several hours.

# 5,000 Asbestos Workers Remain Firm in Demands

ASBESTOS, Que., April 12.—(CP)—Some 5,000 asbestos workers asked firm in demands for 10-cent-an-hour increases last night as their strike entered its ninth week.

Meantime, from outside the "Serpentine belt" the asbestos area of Quebec's eastern townships—came indications of new support for the strikers from organized labor.

A meeting of the general council of the Canadian Catholic Confederation of Labor to which the strikers brought delegates to Quebec to set up a \$100,000 relief fund for the asbestos miners. An immediate contribution of \$25,000 was voted by the federation to its affiliated asbestos workers.

QUIT IN DISTRICT  
In the all-but-paralyzed asbestos area things were quiet. At the Canadian Johns-Manville plant about 300 workers reported for duty today after protection of provincial police.

These workers had the benefit of a 10-cent-an-hour increase dating back to Feb. 1 and announced last week. But a company spokesman said the increased pay had drawn few men from the strikers' ranks.

Basic pay is \$1.00 an hour. The strikers demanded an increase of 10 cents in their hourly rate of pay. The strike, begun Feb. 25, has been termed "illegal" by the Quebec labor department because it was called before the workers received to arbitration. The company refused to treat with the men prior to a general resumption of work.

ASSAULT CHARGES  
For the most part the 5,000 have been quiet though in Sturminster, Que., a man was charged with assault on a woman for a fight over a woman. Police say they are still investigating.

## NOSE VALUED AT TWO YEARS

LAHORE, India, April 12.—(Reuters)—A 30-year-old man was sentenced here yesterday to two years' imprisonment for cutting off his wife's nose.

It was said in court that when his wife told him she did not wish to live with him he cut off her nose and nose and burned them.

The Kipling Cote Derby at York, England, has been run every third Thursday in March for 420 consecutive years.

# Beer Drought Hits Island

VICTORIA, B.C., April 12.—(CP)—A beer drought, reminiscent of war days, was reported yesterday from Vancouver Island because of a truckers' strike.

An embargo has been placed on shipments of beer and hard liquor from Vancouver and Victoria and most lines have been established at Courtenay, up-Island, to search out "back" supplies.

ASK FOOD ACTION  
Food shortages are threatened with grocery supplies low in several towns.

The Courtenay Chamber of Commerce yesterday called for government action to halt the 24-day deadlock in the strike of Island Freight Service Ltd. The company's 35 drivers are asking a 10-cent pay boost to \$1.17 an hour against the present \$1.06. The company offered a five-cent hike, but later withdrew the offer.

The truckers are members of division 254 of the Canadian Representation of Railway Employees and Other Transport Workers (C.R.E.W.) union.

Stocks of some food merchandise in the Courtenay-Chamber-of-Commerce district have declined to "bare" levels.

DRY WEEK-END  
It was a dry week-end in towns and villages north of Nanaimo and into Courtenay, 144 miles north of Victoria.

All beer parlors were closed and practically all liquor stores either shut up or rationed supplies.

Reserves Up  
OTTAWA, April 12.—(CP)—Canada's reserves of gold and United States dollars jumped \$89,900,000 from \$89,000,000 at Dec. 31 last to \$1,000,000,000 at March 31, Finance Minister Abbott reported today in a quarterly statement.

WEDNESDAY STORE HOURS 9:30 a.m. to 12:30 p.m. — DIAL 914

# IN EDMONTON IT'S THE BAY

Partial view of new addition to the Bay's modern Fur Vault.

# YOUR FURS ARE SAFER IN BAY STORAGE

Bay Storage Protects Your Precious Furs From

## • HEAT

Average summer temperature is injurious to precious furs. Bay storage vaults are scientifically controlled so that temperatures remain cool and oil in skins does not dry out.

## • THEFT

Summer is open season for the fur thief and there is also fire to be considered. Bay fur vaults give extra protection throughout the summer months and relieves you of worry.

## • MOTHS

Everyone knows the heartbreaking ruin these little pests can cause overnight. Bay fur storage gives complete protection from these hungry insects . . . also protects furs from fine dust and dirt.

Phone 914 . . . A bonded driver will call

- The driver will pick up your furs and deliver them safely to The Bay Fur Storage. You will receive temporary fur storage receipt from him.
- An official Fur Storage receipt will be mailed to you within a few days.
- Fur storage rates are particularly reasonable, 2% of a fair valuation of the fur . . . with a minimum charge of \$2.00.
- The Bay will also store Ladies' Fur trimmed coats . . . Ladies' or Men's cloth coats . . . Ladies' or Men's suits . . . Men's Fur coats.
- Minimum charge for cloth coats \$1.00.

# Shortage of Teachers, Schools Big Problem

OLDS, April 12.—(CP)—An "acute" shortage of teachers and lack of new school buildings are the two main problems facing education in Alberta, Education Minister Ivan Casey said last night.

In an address before more than 250 delegates attending a convention of the 18th annual Home and School Association four-day convention, Mr. Casey said "we must take the long-term view in solving the problems of unfinished business in our homes and schools."

400 MORE NEEDED  
He said Alberta needs at least 400 more teachers to relieve the shortage of teachers and many new schools.

He suggested an all-around raising of standards for teachers as well as to enter the profession as well as to benefit those now teaching. He also said there was need of a capital grant from the provincial government to aid in erecting of new buildings.

Mrs. A. N. Hutchinson, association president, said the organization enjoyed "another successful year" in 1948 in her general report.

A grant of \$1,000 from the department of education had allowed committees to increase their efforts.

School superintendents and members of teaching staffs had shown increased interest in the organization and had been responsible organization at some points, the report said.

Delegates were welcomed to the convention earlier today by Mayor A. D. Hunter of Olds.

USE OF RADIOS  
In his report on radio visual education, J. E. Simpson of Edmonton said local home and school associations were posted on radio programs of special interest in the home and school and that time an educational and interesting nature were provided.

The groups were stimulated with a view to having them form Junior film clubs and to stimulate

# Have You Enough Bile To Digest Food Fully?

The average adult needs at least 2 quarts of bile daily for good digestion!

But do you know how much bile your system lacks? You can find out by taking a simple test.

Because your system lacks sufficient bile to digest food properly and assimilate nutrients, you feel dull and sluggish—constipated, bad breath, and "acid stomach"—feeling that often comes after a meal.

Whether irregular constipation, lack of energy, or over-eating, suffering from flatulence, or indigestion, all are signs of bile deficiency. Bile Beans are gentle, yet effective—used widely are they. Over 7 million bottles sold weekly. BILL MANN, Calgary.

# 100 Rent Appeals Awaiting Judge After Vacation

CALGARY, April 12.—(CP)—Judge R. M. Edmondson returned from his vacation today to find 100 appeals awaiting him in his court at Calgary, Leitch and Medicine Hat.

The meeting will continue today, Wednesday and Thursday morning.

Judge Edmondson said he would hold sittings three days a week until he had disposed of the cases on file. Sixty-two of the appeals were filed at Calgary, 31 at Hanna and 11 each at Leitch and Medicine Hat.

# WHO KONKED KELLY? Plaintiff in Calgary Can't Find Defendant

KELLY, April 12.—(CP)—Kenneth Kelly of Calgary wants to sue someone for damages for injuries alleged to have been received in city police cells.

He does not know who to sue. Yesterday he made application in Supreme Court chambers for an order to enable him to obtain the name of his alleged assailant.

The judge refused to name his assistant on the night in question and court ruled he was within his rights to withhold the information.

In chambers yesterday, J. E. Varley, counsel for Kelly, asked for an order directing the City of Calgary to name some official.

Last December, Kelly filed a statement of claim for \$454 damages against Constable Maier, a jailer, and the City of Calgary. However, during examination of the constable, it was revealed that Maier had not taken plaintiff to his cell.

The jailer refused to name his assistant on the night in question and court ruled he was within his rights to withhold the information.

In chambers yesterday, J. E. Varley, counsel for Kelly, asked for an order directing the City of Calgary to name some official.

Last December, Kelly filed a statement of claim for \$454 damages against Constable Maier, a jailer, and the City of Calgary. However, during examination of the constable, it was revealed that Maier had not taken plaintiff to his cell.

The jailer refused to name his assistant on the night in question and court ruled he was within his rights to withhold the information.

preferably Constable S. J. Paterson, who would give the name of Maier's assistant. He also asked leave to amend his statement of claim when his name was available.

There was evidence of a fierce struggle, police said. The girls' skirts and faces were scratched and bruised. She was found unconscious in an east-end lane.

Police said the girl was found face covered with blood and her clothes torn.

SUMMER COMING  
FARMER CITY, Ill., April 12.—(AP)—Rural Cyle Snow and Adna Irene Swallow got a marriage license today.

EVIDENCE OF STRUGGLE  
Police say the girl and two others went up to the older man's apartment and were given liquor. Later, Rivers and Cormier drove the girl home in their truck.

There was evidence of a fierce struggle, police said. The girls' skirts and faces were scratched and bruised. She was found unconscious in an east-end lane.

It looked like the political machine was finally coming apart. The meeting, however, was a farce. Social Credit, the political movement of which Manning was Prime Minister, had been led there by Manning's former exchange partner, and Manning himself had been meeting in the Manhattan Hotel.

## University Women's Club Hear Professor

Interpreters at Work was the subject of an address given by Professor Leonard Glad to a meeting of the University Women's Club last night.

Professor Glad told of many of his own experiences in the field of interpretation. He said that while the work of the interpreters is often thankless, it is also very important. He mentioned that he had been asked to interpret for a number of years, and that he had found it to be a very interesting and challenging job.

## Vote Is Sought On Coarse Grains

Wheat Board Marketing Bill Before Manitoba House

WINNIPEG, Man., April 12.—(BUP)—A provincial referendum to determine how coarse grains should be marketed has been suggested by three members of the Manitoba legislature.

### SKUNK CAUSES COMMOTION

KINGSTON, Ont., April 12.—(CP)—A cream-colored skunk caused quite a commotion here yesterday. Farmer Ross Revell of Collins Bay was patrolling his fields when he shot what he thought was a stray cat. When he got within close range, however, the animal was a skunk. The animal was found to be without one black hair on its body.

### STOP-OFF

Cab Drive Across U.S. Shortened

WAYNE, N.J., April 12.—(AP)—George Tius, a cabby who set out 10 days ago to drive a fare to California, is back again. He only got as far as Kansas City, Mo.

Miss Stella Sawatsky, head of the Wayne Taxi Service, thought T. B. Marx was joking when he asked how much it would cost to cross the continent by cab. He had just missed a train for which he had tickets.

Miss Sawatsky said \$250 plus the cabby's expenses, and Marx took up the offer. But Tius reported on his return Sunday that his passenger decided to visit friends at Kansas City, and relieved him there of further duty.

There was no reduction in the fare because of the shortened journey.

## Road Cash To Be Asked

OTTAWA, April 12.—(CP)—Another important hike in the long road towards achieving a trans-Canada highway will be undertaken when parliament reconvenes April 20.

Reconstruction Minister Winters, who has now taken over federal responsibility for the highway, has given advance notice that he will ask permission to start federal contributions towards its construction. In all the highway is expected to cost about \$300,000,000 of which the federal government is expected to contribute \$150,000,000, the remainder to be borne by the provinces.

Specifically, Mr. Winters will ask the common committee of the whole to adopt a resolution which will pave the way for dominion-provincial highway cost negotiations.

Adoption of the resolution will be followed by a measure providing the reconstruction minister with power to "enter into agreements with any provinces providing for the payment by Canada to those provinces of contributions in respect of the cost of a trans-Canada highway."

It will also provide him with power to arrange for the employment of temporary employees, technical officers and other employees for the purpose of completing the highway project.

**London Dock Strike Grows**

LONDON, April 12.—(CP)—The great port of London faced almost complete stoppage in the second major dock strike in 10 months. At least 60 ships lay idle in their berths, some with vital food cargoes.

The Dock Labor Board announced that more than 15,000 of London's estimated 20,000 dock workers now are striking. Some union members claimed as many as 10,000 had walked out.

Most were stewards, who began their strike yesterday protesting dismissal of 32 men. Their numbers were swollen this morning by thousands of dockers who last night voted to strike despite a stay-at-home order from the Transport and General Workers Union, which regards the walkout as unofficial.

**Negro Worker Crushed to Death**

SANTA MONICA, Cal., April 12.—(BUP)—The crushed body of a negro workman, Robert Lacy, 63, was recovered last yesterday from beneath the collapsed roof of a reservoir.

Lacy was trapped when concrete forms collapsed, pinning him under 180 lbs. of fresh cement. The cavern of the reservoir roof injured 15 other persons working above the forms.

Giant cranes and bulldozers, like the ones which less than a day ago had a 50-hour battle to save little Kathy Placus in San Marino, Cal., were used in the rescue operation.

LONDON, April 12.—(BUP)—Yugoslavia has ordered \$2,000,000 worth of bus and truck tires from Dunlop Rubber Co. Ltd., a spokesman for the firm said today.

**MURDEROUS BLAZE** which took the lives of 75 hospital patients and staff members, including nine new-born babies, is shown at its height. The fire completely destroyed St. Anthony's Hospital in Effingham, Illinois, early this week.

## FOOT GUARDS TO REGAIN OLD SPLENDOR

OTTAWA, April 12.—(CP)—Traditional ceremonies in Ottawa, such as the opening of parliament, will take on still more color as a result of an order from army headquarters.

The Governor-General's Foot Guards may wear full-dress uniforms on such occasions. The return to pre-war style will mean, in addition to the colorful ceremonial scarlet tunics, bearskin headgear, gold trimmings and blue trousers with red stripes.

The uniforms are similar to those worn by England's Coldstream Guards.

## Rita and Aly Now in Cannes

CANNES, April 12.—(BUP)—Indian Prince Aly Khan and his actress bride-to-be Rita Hayworth arrived at this Riviera villa today after a 600-mile drive from Paris. They left Paris yesterday but were delayed when Aly's grey convertible developed engine trouble near Marseilles. They were expected to visit tonight with the Prince's wealthy father, the Aga Khan, at his nearby Chateau Yalden.

## Nfld. Latest Source Of Vote Date Rumor

CORNER BROOK, Nfld., April 12.—(CP)—A hint that there will be no Canadian general election this year was dropped last night by State Secretary Bradley.

But the hint failed to produce any confirmation. The Newfoundland member of the Canadian cabinet told an interviewer here that a by-election must be held in Newfoundland in the next three or four months "if the province is to be represented at next January's session of parliament and October as probable dates of an election this year."

The government's five-year term of office expires in June, 1965. Mr. St. Laurent could call another water session and go to the country approximately a year from now.

## Musical Comedy Author Is Dead

LONDON, April 12.—(AP)—Fred Thompson, 65, co-author of such musical comedy hits as "Lady Be Good," "Fanny Faced," and "The Ritz," died Sunday. Born in London, Thompson began writing for the stage around 1906 after serving as a sports and theatrical cartoonist on various newspapers.

Musie and Hula dancing are features of the opening of the Hawaiian legislature.

## Dust-Bowl Blues Hit Saskatchewan

'Worse Than In 30s' Storm Bodes Ill For The Crops

REGINA, April 12.—(CP)—High winds whistled the dust-bowl blues through southern Saskatchewan yesterday.

Winds as high as 60 miles an hour whirled across the province in a storm described as "worse than in the 30s."

### TWO AUTO ACCIDENTS

Two automobile accidents occurred in the Swift Current district where cars using lights travelled the highways almost bumper to bumper. It was impossible to see travellers said, the telephone poles along the side of the road.

Carl Holmes, who was forced to abandon a trip out of Swift Current, said "I couldn't see the radiator of my car."

Farmers reported the driving winds as disappointing to new crop prospects. Moose Jaw district farmers saw more dust storms this year and an expected plague of grasshoppers as "just about putting the lid on" for this year's crop.

### WORST IN 40 YEARS

Raymond Blues, Yorkton district farmer, said he had never seen as dry in his district for the last 40 years. He said there was less water in sloughs than there was last fall and less in the district.

Agriculture Minister J. C. Noel said prospects didn't look "too good" but the situation could change quickly if rain came soon. The weather bureau, however, reported no rain in sight.

### FLIGHTS CANCELLED

The Saskatchewan government air ambulance service had to cancel four flights, planes which were

## FALSE TEETH ARE HOT

LONDON, April 12.—(Reuters)—A woman today was ordered by officials of Britain's national health scheme to pay half the cost of a pair of false teeth she threw into the fire with the rest of an orange she was eating. The teeth were supplied without cost under the national health plan.

The patient told the official "I remember now it made an abnormal blaze."

## Grass Fire Damage Heavy

LETHBRIDGE, April 12.—(CP)—

One of the worst grass fires to break out in western Canada this year yesterday swept over thousands of acres west of here, destroying telephone poles, fences, railway ties and more fences before being brought under control eight miles away from its point of origin.

The fire spread swiftly eastward, widening out along a three-mile front as it was fanned by a stiff breeze. During the two hours it burned, the widespread blaze sent huge clouds of smoke into the sky.

Members of the Royal Canadian Mounted Police and all available farmers in the district fought the flames for two hours before stopping them only one mile west of a large coal mine operated by Lethbridge Collieries.

Besides threatening the colliery plant, the fire also threatened several farms. Cause of the fire is not known.

Tests show the tensile strength of nylon to be 25,000 pounds per square inch, compared to 10,000 pounds for steel wire.

## New York Banker Marries Baroness

LONDON, April 12.—(AP)—

Paul Felix Warburg, New York banker and Chicago-born Baroness D'Almeida, were married here yesterday.

It was the third marriage for Warburg, 44, who is special assistant in United States Ambassador Lewis Douglas, Baroness D'Almeida, the former Barbara Tupper, is the widow of a Portuguese nobleman.

**MATCH THE TWINS CONTEST "CORRECT A SOLUTION."** The correct twin pairs Nos. 16 and 25 are the twins submitted by Mary Chorney or 11252 91 street, Edmonton, names of twins are Olga and Mary Chorney, and Nos. 17 and 85 are the twins submitted by Mrs. Bourne of 11546 85A street, names of the twins are John and Jane Bourne. The re-run of twin pictures will appear in the new Edmonton Bulletin for the complete 160 pictures comprising the correct 80 sets of twins with four pictures appearing in each day's paper.

## Does, Fawns Head North

THE PARK Man, April 12.—(CP)—

Does and fawns of the caribou herds are passing the 60th parallel into their North West Territories summer pastures weeks earlier than is customary in their annual northbound spring migration.

A team of seven biologists conducting a survey of caribou herds north of here report that a gradual onset of spring has resulted in vast numbers of caribou trickling north ahead of melting snow. It is customary for the caribou to move north in larger groups.

Part of the advance guards of the native reindeer moved northward past Neill Lake two weeks ago, Andrew Leverage, biologist with the Dominion Wildlife Service at Ottawa, reported today.

The advance guard now has travelled more than 20 miles into the N.W.T. Main members, bringing up the rear of their herds, are starting to arrive at Neill Lake the border point.

The biological survey will include a census of caribou that may result in recommendations for action against predators should a decline in the caribou population be proven.

## BRIDGE

### Shrewd Play Nets An Overtrick Here

More and more married couples are entering tournament competition. In the past, married couples were advised that they should not try to play bridge together if they wanted to get along well. But this is being disproven in most mixed pair championship tournaments today.

**HAVOLINE MOTOR OIL**

**RELEASES MORE POWER**

**Lighter**

*Because it keeps engines cleaner and better lubricated*

Havoline is here—obtainable from your local McColl-Fontenac Dealer.

New and Improved Havoline is more than just a motor lubricant... It's a motor cleanser too. Havoline actually cleans as it lubricates, rid your engine of clogging carbon and sludge—releasing more power for your car.

Drive in to your McColl-Fontenac dealer today. Ask him to change your oil to Havoline. Then find out for yourself what a difference a really clean motor can make.

See in TEXACO STAR THEATRE  
Wednesday night, CBC See newspaper  
for time and station.

★ AT McCOLL-FRONTENAC DEALERS

### 6 Powerful Reasons Why It Pays To Use New HAVOLINE Motor Oil

1. **MORE POWER**—With clogging carbon and sludge removed, more power works more efficiently.
2. **MORE GAS MILES**—A clean motor can do its job more easily, so it uses less gas.
3. **MORE OIL MILES**—Oil lubricates better in a clean motor, more protection from wear.
4. **MORE ECONOMY**—Not only is gas and oil but in repairs, through less wear.
5. **MORE PLEASURE**—You get smoother, more dependable engine performance.
6. **MORE CAR MILES**—You get longer engine life, extra protection against corrosion, too.

Change to HAVOLINE now!
